

The WSU librarians and staff are here to support your teaching and student learning, including being here to support students research papers and projects.

We are available 24x7. Just use our library help [CHAT](#) to connect to a librarian. We can help with research, questions about resources, and more.

Your Canvas course site has a curated library research guide linked to the **Library Resources** link in your course navigation menu. You can also direct students to the [Research Guides](#) page for help with disciplinary research, citation styles, and more.

Please remember your Subject Specialist librarians are here to support your transition to online. Contact [Veronica Bielat, Student Success Librarian](#) or your [Subject Specialist Librarian](#) with questions or if you need assistance with resources or student research support.

Need help transitioning from print to online course materials? Please use our [Permalink Request](#) service to request permalinks to your course readings.

We have a variety of [streaming media options](#) to supplement your existing course materials. If you have a request for a title that is not in our collections, please use our [Streaming Media \(Video and Audio\) Request Form](#).

Need to find *Open Educational Resources* to supplement your course material? Visit our [Open Guide](#)

Our [Interlibrary Loan](#) services are available for requesting articles for electronic delivery. Please be aware this service may be impacted by lending partner service reductions. We will update this site with any resulting service impact.
